

May 24, 2023

Dear Partner,

We are pleased to announce the last phase of our room renovations at Renaissance Wind Creek Curaçao Resort that will complete our elevated and enjoyable experience for all future and returning guests.

The last phase of renovations will focus on the resort's 14 executive and imperial suites. The suites' renovation is scheduled to start on June 1, 2023, with the closing and cleaning of each suite. The process will continue with contractor preparation work on June 6th and initial hardhat construction will be on June 16th. We anticipate there will be some noise inconvenience for the first three weeks but want to assure you and your clients that no work will be done during the weekends. The fully renovated suites will be completed by the end of August.

The next phase of resort improvements will take place at Infinity Beach and specifically to improve and reinforce the beach wall to ensure safety and long-term use by our guests. This project will begin on June 19th and should be completed by August 31st. The work will not cause any in-room noise or disruptions, but the resort's Infinity Beach will be closed to guests starting July 31st for a duration of 4 weeks.

During these 4 weeks, guests will have the option to use the beach at Mambo Beach. Renaissance Wind Creek Curaçao Resort will arrange complimentary transfers to and from the Resort. Besides guests' transfers, entrance fees and chair fees will be covered as well. The Resort will also provide two bottles of water per person daily.

Please make your clients aware of the renovations taking place in advance of future resort visits during this time and we thank you for your cooperation and support during these improvements.

Sincerely,

Janien Huistra
